

# Snake And Apple

Points : 4

---

Eat the apple and gain more points.

Instructions :

This simple game allows the user to move a snake around the screen, and change the Snake's speed during the movement. When the game starts, a snake is shown at the top-left corner of the screen.

The user controls the snake as follows.

- The 4 arrow keys are used to move the snake up, down, left, and right.
- The 'z' and 'x' keys are used, respectively, to decrement and increment the snake's speed.
- The 'q' key is used to quit the game.

User Interface :
